

### 4X4 EQUIPMENT LIST

All our equipped Land Rovers have as standard the following:

- One or Two, two person roof top tents
- Fridge / Freezer
- Twin Battery System
- 50l Extended Fuel Tank
- 50l Water Tank
- Extensive Tool Box – You may not be able to use it, but in remote locations there are brilliant mechanics who does not have the tools to assist you ( includes quick set epoxy, Q20, oil, transmission oil, coolant)
- GPS – Preloaded with maps of areas you will be visiting.

We have added:

#### Recovery Equipment

Fire Extinguisher (one in the front and one in the equipment area)

Tyre pressure gage, tyre inflator, patch kit, spare valves, high lift jack and snatch strap ( with set of D shackles, tree protector and gloves ).

Spade, axe, jerry cans x 2 + funnel and battery jump cables.

Emergency triangles and emergency light sticks.

If you are transversing Namibia, Botswana, Zimbabwe, Mozambique or further north in Africa a set of sand tracks is added.

#### First Aid Box

We have found that you have the greatest need for a first aid box when you are a good half day’s drive from the nearest doctor or pharmacy. We packed the following emergency items on a kitty basis (take when you need and replace when you are in a major town ). These are all over the counter medicines and can be bought at any pharmacy, Clicks Pharmacy or Dischem.

**PLEASE NOTE:** Items should only be used if the instructions are followed. Do not use expired or open items. Brand may differ due to availability.
